

*Technical sheet Horizontal animal feed factory*

**AGRI 25** Capacity: 2.5 tons/hour

### Description

This Factory allows the production of poultry and ruminant feed for cattle in flour.

**AGRI 25** is composed of circuits of, grinding and mixing of cereals (Corn, Soy, Wheat, barley...) It is distinguished by a higher quality of food because of its total homogeneity due to its horizontal mixer.

Equipped with a hammer mill, which is more robust than the suction / discharge mills (longer service life).

**AGRI 25** has a production capacity of 2.5 tons/hour, it is intended for breeders and people wishing to make their own plans for the production and sale of livestock feed.
